JAB Design Australia offers an extensive range of dinnerware and servingware made from premium grade melamine. JAB uses additional processes during manufacturing to deliver the high lustrous look of porcelain, additional scratch resistance and increased durability.

JAB Design Australia melamine can withstand temperatures up to 110°C, and is dishwasher safe. Additional testing is done on colour pigments to ensure that our products do not fade easily, making it a perfect choice for outdoor fine dining, catering, nursing homes, barbeques, airports, hospitals, hotels and canteens.
